MODEL INFORMATION

All 18 designs were stitched on 26ct. linen using 2 strands for cross stitch and 1 strand for backstitch, unless otherwise instructed. These designs may be stitched on any fabric you choose.

To convert your Precious Moments® project to reflect other races, may we suggest the following color options for skin, hair and eyes. For better coverage, we suggest using 3 strands to cross stitch hair and 1 strand to backstitch on 14ct./28ct. fabrics.

How to Add Beads:

Add beads to your project after all other stitching and any necessary laundering is done. A #28 Tapestry needle or a beading needle is required for adding small beads. Use the loop method (see below) to anchor one doubled strand of floss on the back of the project. Use the color of floss indicated in parentheses where beads are listed.

Bring the needle up where indicated on the chart by the symbol for beads and pass through the bead. Pass through the fabric and then, if this is the beginning of a new thread, through the loop to anchor the thread (Fig. 1). Next, bring the needle up as if to cross a stitch, but let the two strands separate to pass on either side of the bead (Fig. 2). An easy way to do this is to put the point of the needle between the strands, then into the fabric.

Fig. 1

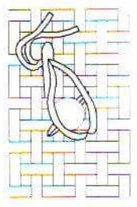

Fig. 2

LOOP METHOD: (To use any time an even number of floss strands is called for - 2, 4, or 6.) When two strands are required, take one strand 30" long and fold it in half. Thread the needle and pull the loop end lower than the 2 cut ends. Bring the needle up through the fabric until the cut ends appear. As the needle goes back through to make the first half cross, take the needle through the loop and it will "lock", leaving no "tail" on the back of the fabric.
